

Empowering women to dream and succeed in STEAM careers

STEAM Ahead Program

Be a Mentor

Having a mentor is said to be one of the most important keys to success. That's why we are passionate about accelerating women's careers with industry mentors like yourself.

The STEAM Ahead Program provides aspiring women and non-binary students with accelerated access to influential and eminent leaders in the industry to enhance their industry exposure, professional capabilities, and confidence before graduation.

We welcome mentors from any gender.

Diversity and inclusion are at the heart of why Dream Big exists. We know involving diverse mentors in developing our next generation of leaders is key to their success.

Your insight can support women to build valuable industry networks, make positive impressions on prospective employers, and achieve success in their careers.

**Low commitment,
high impact mentoring.**

Who can apply?	All industry professionals in Science, Technology, Engineering, Arts, and Mathematics (STEAM) careers.
Role	Mentor (Volunteer)
Applications open	Year-round
