

Empowering women to dream and succeed in STEAM careers

# STEAM Ahead Program

## Become career-ready

Dream Big Australia delivers the 'STEAM Ahead Program,' a solution designed to empower early-career women and accelerate employers' diversity and inclusion goals.

This award-winning career development experience equips women with the skills and knowledge they need to succeed in 21st century careers. Through focused learning modules, we enhance their capabilities, confidence, and employability. Our program provides employment opportunities with our partners and mentoring sessions to help women connect and learn from successful industry leaders.

On completion of the learning modules, we connect you with **industry mentors** and **employers**, providing the unique experience of accelerating your employment potential and ability to build valuable industry networks, so you're ready to launch your career.

<b>Who can apply?</b>	Our Program is open to women and non-binary students completing studies in a Science, Technology, Engineering, or Mathematics discipline or STEM dual degree with Arts.
<b>Cost</b>	Free, thanks to our Industry Partners

### Want more reasons to get involved?

Read more testimonials from our community of students, mentors, and Partners on our [website](#) about how their involvement in the program has led to real career outcomes for women.

Being part of the STEAM Ahead Program not only helped me to improve my employability but to know myself and my abilities better. I am more confident about what I want to achieve and what my values, capabilities and strengths are. I also made great connections and met amazing, successful people who I'm grateful for. I am very excited to help empower other women to improve their skills and reach their full potential in STEAM careers.

## LAUNCH YOUR CAREER

### Natalie

**B. Science (Statistics)/B. Arts (Professional Writing, Communications & Philosophy)**

"I have always struggled with imposter syndrome, no matter what I had achieved, but through the STEAM Ahead Program I was able to articulate my own worth and understand how much I had achieved. I am grateful for everything that I learnt, and the personal growth I experienced alongside everyone I met."

## EMPLOYMENT OPPORTUNITIES

We deliver a career development program to empower women's success and accelerate employers' diversity and inclusion goals. By providing career tools and resources and industry mentoring, we help women hone their competitive advantage. This allows female candidates looking for intern and graduate roles to connect with employers more quickly.
